BEVERAGE PRODUCT CATALOGUE

2023

Just giving an **IDEA** of us

IDEA GROUP IGM is focus on the beverage products. Born in the 2005 with the passion for communication and marketing, our company is a promotional items supplier for the Italian and European market. IDEA GROUP IGM has a lot of join ventures with many factories around China and Europe: companies with audit that ensure quality and precision on production, good delivery timing and respect for the worker quality life.

The quality **IDEA** that we have

After more than 17 years of experience we have a group of selected factories with high standard quality. We are a memeber of Sedex, the Supplier Ethical Data Exchange that is a membership organization for business committed to continuous improvement of the performance of their supply chains. All of our items are certificated in relation to the Eu and USA request, with CE, Rohs, Food Grade EN71 and non-phtalate material.

The right **IDEA** for your delivery time

*The standard delivery time for the Chinese production is 100 days
(in relation the demanded amount).*

But don't worry! When our clients are in a hurry, we are in a hurry too!

*We are always looking for the right solution in order to
satisfy the clients' requirements.*

our Group is part of DSV Avandero and Savino del Bene:

International shipping company can guardantee fast delivery services.

*We can ship your goods from the Italian and Chinese port directly to your country
and to your company warehouse.*
